Battery	Lithium 48V x 11 Ah (weight 3.0 kg)
Handlebar	Aluminium, adjustable in height, depth and angle
Brakes	Double Brake system 160 mm with Electronic Brake System
Size	W 50 cm x H 90 cm x D 50 cm
Connection	Klick Linking System Klaxon® (worldwide patented)
Weight	15.0 kg (battery excluded)
Range	About 40 km (speed setting 1, ground level)
Included accessories	Battery 11 Ah with battery charger, reverse gear, LCD display, bell, foldable kickstand, splashguard

Linking System Klaxon® - Worldwide Patent

EBS - Electronic Brake System

One touch of the brake lever is all it takes to stop the Klick without having to use the mechanical brake. During the EBS braking the energy produced will be recovered and used to recharge the battery.

The mechanical brake can still be activated by applying a greater force on the brake lever, the two braking system will then merge together in a single braking action.

"Walking Pace" - Speed Setting

Ideal for your relaxing strolls, the "walking pace" function will make your Klick maintain a constant speed of 4,5 km/h.

Quick and easy to attach

The innovative linking system allows for your favourite KLICK handbike to be connected and disconnected within seconds without any personal assistance, so you can explore new horizons and move independently.

Universal connection hub

The KLICK series is suitable for all manual wheelchair types, including foldable wheelchairs, thanks to the universal connection hub. Experience a new level of freedom without compromising the manoeuvrability and comfort of your manual wheelchair.

Suitable for different settings

Your KLICK can take on any environments, providing you a great terrain coverage, whether you want to climb steep roads, go on an off-road adventure or manoeuvre easily through lively shopping streets or small indoor spaces.

"I want to make memories...

all over the world..."

Safe and secure

With our high level of quality and performance we want to ensure that your KLICK takes you where you want to go, so you can move independently and engage in a more active lifestyle.

Light and easy to handle

Experience a new level of freedom, as your KLICK will help you overcome everyday obstacles, climb steep roads and manage difficult terrains with ease. It is easily manoeuvrable, allowing you to turn in small places.

Compact and suitable for travel

Explore new horizons, go on an adventurous trip or just cruise the streets for the pure joy of it! You will enjoy it!
