

GMFCS
Level II-IV

I am your anterior walking aid, and will assist you in your very first attempts to walk.

I can hardly wait to start off with you! I will support your balance and simultaneously train your torso muscles. You can adapt my wheelbase to suit. You can adjust my wheelbase shorter to make me more manoeuvrable or by making it longer I can give you more security and support. If you find it hard to walk in a straight line, I am happy to assist you with my direction locks.

Handles

can be adapted in height and width.

Aluminium frame

highly compact; sizes 2+3 can be folded.

Friction brakes on the rear wheels

control the speed so that you can concentrate completely on walking.

Storage basket

provides space for toys or drinks.

Direction locks

support you in walking straight ahead.

PU tyres

are highly durable.

Three dimensionally-adjustable forearm supports
stabilise your gait pattern.

Optional parking handbrake
provide you with more safety and control – also in combination with the forearm supports.
