

Ipai LGT Car Seat

The Ipai LGT lives up to its name, characterised by a light weight easy-to-use design and provides mild body support and care for children with additional needs. Comes standard equipped with ISOFIX, thoracic supports and a 5-point harness that is padded at the shoulders. As part of the supportive harness a large, stable tee pad guarantees firm support across the child's pelvis.

Light weight, comfortable and safe!

Side Impact Protection System

Simple height adjustment providing comfort and safety

Integrated ISOFIX for easy installation

5 point comfort harness comes as standard

FUNCTIONAL BENEFITS

- Simple height adjustment function allows the backrest 20cm of height range providing greater comfort and safety for the child.
- Easy release ISOFIX attachment makes Ipai LGT a breeze to install in any ISOFIX compatible vehicle. Please note, the vehicle seat belt must be used in conjunction with the car seat.
- Have the peace of mind that your child is kept safe with the Side Impact Protection System that can be unscrewed to secure the car seat against the side of the vehicle door, improving safety in the event of side impact to the vehicle.

Package includes

- Available in Black
- Five-point harness
- Backrest height adjustable
