

Ultra light-weight, folding travel scooter

The eFOLDi Lite is one of the world's lightest, most compact folding travel-scooters.

Weighing just 14kg*, the eFOLDi Lite folds and unfolds in just a few seconds so is easy to store and transport. Go further by car, bus, train, plane, or cruise liner - it's your choice.

No complex assembly is required - just unfold and go.

...and travel with confidence
